Welcome to Sah yeh yeen (Texada Island)

The Tla'amin people have used and occupied these lands since time immemorial with settlements throughout the Island. The Tla'amin Nation will own lands at Pochahontas and Raven Bay. All around the island are significant archaeological sites which are protected by the Heritage Conservation Act and subject to fines if disturbed or destroyed. We welcome you to these lands to use and enjoy and ask that you assist us in continuing to protect these valuable resources.
